

# Appleton eSchool

## What makes eSchool special?

Appleton eSchool is the Digital Learning Hub of the Appleton Area School District. We have access to and utilize a robust course catalog of over 200 online courses offered throughout Appleton and the state of Wisconsin.

Learning online is part of how the world works. High School students are highly encouraged to take an online course before graduating. Students build their skill sets to learn online as well as face to face.

Matthew Mineau  
Erik Hanson

## Online Course Ready for Post High School

**The Online Course Ready for Post High School badge is an easily identifiable credential visible on the official student transcript.** This badge alerts

cess after completing their high school school experience in the Appleton Area School District. This badge will assist with recognizing and identifying the powerful attributes that come with a successful student; therefore, understanding how these attributes translate into the workplace, college and life success.

Are YOU Post High School Ready?

*“During our college search we were surprised to learn that admission offices — both private and public colleges — were very interested that she had successfully completed these on-line courses. They were an indication to these schools that she was self-motivated and self-disciplined as well as providing her with learning skills she would need as colleges integrate on-line learning into existing classroom experiences. We are grateful for the classes our daughter was able to take via Appleton eSchool.”* – eSchool Parent

## Did you know?

- Over 95% of AASD eSchool students blended high school schedules with an online course.
- 99% of our 2017 summer students successfully completed their online courses.
